Tuesday, November 15th, 2016 City of Rosenberg City Council Meeting
WHEN IS SUPPRESSION OF PUBLIC COMMENT GOING TO STOP IN ROSENBERG, TEXAS?

Two times the City of Rosenberg has pushed General Comments to the end of the night in recent city council meeting records, both times it was done to animal lovers.

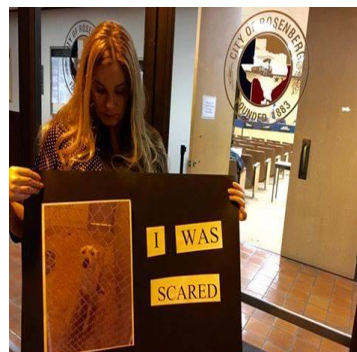

Prior to the 7:00 o'clock Regular City Council Meeting, Fort Bend Pets Alive! along with residents from Rosenberg, Fulshear, Sugar Land, Richmond, Brazoria County and Harris County displayed 2,026 white paper links to represent the 2,026 healthy and adoptable animals that were killed by the Rosenberg Animal Shelter in the past three years. Of all the links, 5 links were green in color to signify the 5 true euthanasias performed in the month of April when the shelter had a compassionate and hard working director who was later terminated.

There were talks and promises of change and that change was a process. While Police Chief Warren adamantly guaranteed Rosenberg residents and Fort Bend Pets Alive! things were going well and moving forward in a private meeting on October 24th, more and more animals died in the Rosenberg Animal Shelter. Emails were never replied to in order to help us understand the lack of logic behind their un-matching words and actions.

In October alone, intake was 84 dogs and cats. 81 were killed.

Animal lovers were treated with disrespect and hostility. Is it because they do not want to hear about the 81 healthy and adoptable dogs and cats being killed in that shelter while there were talks and promises of change that never really happened?

Compassion has no boundaries. Public officials are encouraged to overcome their own excuses and do the right thing to save lives. Our cause is their cause.
